Security Specialist

We are a dynamic, intelligent and focussed Information Security Consultancy (ISO 27001 and 22301 certified) who pride themselves on working with our clients to manage their business risk and have a reputation for excellence.

We manage our business on our core values of passion, knowledge, integrity and accountability. To support our growth we have a vacancy for an information security specialist (specialising in business resiliency), based in Jericho Farm, Cassington, Oxford (OX29 4SZ).

One of the strengths of the company is that we recognise that we are only as strong as our people, and to keep building from strength to strength and retain people we need to ensure they remain challenged, respected and enthusiastic about their employment.

We are looking people with a passion for information security and are particularly interested in people with at least 2 years' experience and a focus on risk and resiliency services.

We pride ourselves on delivering service with individuality, passion and integrity and require a strong person who will be responsible for working with our customer base in varying market verticals and locations who will manage their business risks.

Working Monday to Friday, with flexible hours available, this is an excellent opportunity for an experienced and effective specialist with the following risk and security skills;

*Implementing and supporting business continuity, disaster recovery and ISMS programs
 *Strategic direction, advice and guidance
 *Conducting risk assessments and business impact analysis *Exercising and testing of resiliency plans
*Awareness and training
*Compliance and audit
*Preparing and presenting written and oral reports
*Proven organisational and prioritisation skills in order to meet changing and demanding deadlines
*Proficient in Microsoft Office products

The successful candidate must have demonstrated experience in:

*Security and risk related standards such as ISO 27001, ISO 22301
*Management of business continuity and disaster recovery programs
*Compliance audits, gap analysis and assessments *Interpersonal, presentation and communication skills at all levels

Understanding of the relevant international standards Besides experience and passion, qualifications that would be favourably looked upon include CBCI, CISSP, CISM, CISA, 27001, 22301 Lead Auditor or other relevant qualifications.

Salary package offered is based on skills, experience and qualifications. Candidates must be able to demonstrate that they have the Right to Work in the UK to be considered for this full-time role.

If you are looking for a varied and interesting role within a supportive family friendly company, we would love you to join our team. If you wish to apply for this position, please send your CV and covering letter by email to jobs@cqr.com.
